PROFILE

Senior Client Success or Technical Account Manager with 10+ years driving revenue growth, building B2B solutions, and managing enterprise client portfolios in telecom and SaaS environments. Known for translating technical capabilities into business outcomes and scaling operations through process automation and data analytics.

WORK EXPERIENCE

Client Solutions Manager

TPV.com | AnswerNet

June 2020 – Current

- Led discovery, onboarding, and business development initiatives for Third-Party Verification (TPV) solutions supporting telecom and retail energy clients.
- Managed a client portfolio exceeding **\$1M in revenue**, driving consistent year-over-year annual growth over a three-year period.
- Directed new service development and cross-functional project execution.
- Oversaw billing processes, invoicing, and client agreement administration
- Provided technical support, troubleshooting, user acceptance testing, and system-level issue resolution.

Technical Solutions Manager

Apex Legal Solutions

Jan 2016 – June 2020

- Managed scheduling for high-volume depositions, coordinating court reporter services across multiple concurrent legal cases.
- Oversaw billing reconciliations and vendor negotiations with court reporters, optimizing costs and payment accuracy.
- Served as primary point of contact between legal teams, clients, and operational staff, ensuring seamless communication and case execution.
- Pioneered a fully remote deposition model during the COVID-19 pandemic, enabling business continuity and expanding service capabilities to new market.
